HARDING VISITS MAINED HEROES

Wishes They Could Be Re-
stored by Wave of
Magic Wand

'WE WON'T FAIL YOU'

President Promises Veterans
Congress Will See That
Justice Is Done

SECTIONALISM DEAD IN U. S.

'You Soldiers Have Succeed-
ed in Wiping It Out,' He
Says at Hospital

WASHINGTON, May 5.—President Harding gave his pledge today to the disabled soldiers at Walter Reed hospital that the nation would not fail in making them fit to embrace "the opportunity which is yours" as citizens of America.

Accompanied by Mrs. Harding and Senator Underwood, the president visited the hospital upon the occasion of an entertainment for the wounded soldiers arranged by the Alabama society here.

In expressing the wish that the maimed before him might be restored by the wave of magic wand, the president declared that the next best thing was for the republic to prove its gratitude to the soldiers by restoring them to a condition in which they might live as happily as possible.

In hearts of the people, "I know this hospital is in the hearts of the congress," he continued, "and I can assure you that it is in the heart of the executive, and more, I know it is in the hearts of the people."

As one familiar through his father, a veteran of the civil war, with the trials through which the soldier passed and the duty in the union which it had created, the president said it as his belief that in the half century which has elapsed, "the great cause has been won."

"You soldiers from Alabama and Ohio and the other 46 states, have succeeded in wiping it out," he exclaimed.

That there was no more of sectionalism in America now, the president said, was due to the fact that the people of Alabama wanted precisely the same things as the people of Ohio and he added that as chief executive, he was resolved to safeguard America as a whole and not confine himself to any one of its parts.

Tribute to McKinley.
In a tribute to William McKinley, the president stated it was through him and his faithful leadership during the Spanish-American war that such great progress was made in bridging the chasm separating the people of the north and the south.

After he addressed the president and Mrs. Harding shook hands with several hundred soldiers. While preparations were being made for a photograph of the group, the president said smilingly:

"And I was expecting a discharge," a private close by replied.

Chain and Locket Is Swallowed by Child

The 20-month-old baby of Mr. and Mrs. Van Montgomery swallowed its mother's gold locket and chain two weeks ago, and so far has suffered no ill effects. The parents did not call a physician, and the baby has not shown any signs of illness.

OVERCOME BY GAS FUMES

Garland Crouch Collapses While in Bathroom; Friend Not Affected

Garland Crouch, 15 North Quincy avenue, was overcome with gas Thursday at 5 o'clock when a gas stove was left burning in the bathroom where he was taking a bath. He was revived after five minutes by use of a lungmotor, which was rushed to the residence.

Garland Crouch, a friend of Crouch, was in the bathroom talking to Crouch when he was overcome, was not affected by the fumes.

Minister, Editing Denver Post, Discards All 'Flashy' Stories

DENVER, Colo., May 5.—News-
paper stories of sensational type
sent to the waste basket today
by Rev. W. H. Whyte, pastor of
Central Presbyterian church,
during a one-day editorial tour
of the city.

He was invited to take special charge of the paper for the day following a sermon criticizing newspapers and the manner of displaying news.

During the tour he took his place at a supervised desk this morning and today afternoon. Among news printed in the "Post" were those on the killing of a woman by a man in the city and the divorce of a woman in New York. All items re-

Builders Ready To Put Wages To Arbitration

CINCINNATI, May 5.—Practically all the building trades unions throughout the country are willing to submit the question of wage reductions to arbitration.

William Hutcheson, president of the United Brotherhood of Carpenters and Joiners of America, announced tonight after a meeting of the executive council of the building trades department of the American Federation of Labor.

While the council has gone on record against wage cuts, the labor leader said that the unions "were willing to consider and accept any equitable wage adjustment that might be coming out of any reduction in the cost of living."

"We want to be fair and see building boom," he added.

The big building trades strikes in Chicago, Boston, Philadelphia, and other places, Mr. Hutcheson said, could probably be settled if the same principle was followed.

STATE MACHINE GOES ON ROCKS

Big Row Breaks in Senate on Discussion of Lavish Expenditures

RUTHERFORD RILED UP

Muskogee Orator Flays Democratic Colleagues for Rank Waste of Money

CALLS THEM "INCAPABLE"

Sees 'Little Evidence of Conscience on Part of Those Running Government

By C. W. B. HINDS.
The World's Capital Correspondent.

OKLAHOMA CITY, May 5.—The democratic state machine went on the rocks Wednesday afternoon, the Trapp-Davidson stokers of the vehicles going to an awful fall in the senate.

Surprised at the turn of affairs, the senate organization wobbled, bowed, wailed and threatened, but to no avail.

It happened as the senate opened, Davidson introducing a bill which would appropriate \$100,000 for beautifying the capitol grounds.

Senator Glaser moved that the bill be not received, urging as a reason that the senate the day previous had agreed that no bill be introduced at the session, unless the topic be a new one, opened by gubernatorial proclamation.

Senator Simpson was in the chair and promptly ruled Glaser's motion out of order, whereupon Hill and Rutherford appealed from the chair's ruling. The chair was not sustained.

After much discussion, Glaser's motion prevailed by a vote of 27 to 6. Orations followed by Nichols, leader of the high appropriation forces, while whereby all bills could be introduced to beautify the capitol. In the midst of the arguments when nothing was before the senate, Draughton bitterly lamented that Glaser had suddenly become a traitor.

Row Breaks Fast.
McPherson and Harrison, aiding Glaser and Hill, severely hazed Davidson and others speaking for continuation of the appropriation. It was then that President Trapp, seated with the senators, handed Davidson a motion which instructed the proper committee to bring in a bill whereby all bills could be introduced, such as were appropriation measures to be considered, the others to be referred to the appropriation committee for determination of their right to occur. It happened and happened fast.

Senator Rutherford took the floor and held it for more than one hour, although frequently interrupted by the appropriation stokers almost all of the time. The Muskogee was in fine form and the chastisement he gave those whom he declared were "underlings" and "knob-jawed" was heard of in the Muskogee legislative hall.

He declared that the action of the senate regarding appropriations was "terrible" and that the body had proven itself incapable of caring for the people of the state and was unable to function intelligently.

He then proceeded to catalogue those who would not stand for lesser allowances, and declared that the senate as the representative of the democratic party in legislative affairs had betrayed its trust and had failed to look after the welfare of the whole people.

Davidson, replying, declared that Rutherford should apologize for his remarks about the senate and the democratic party. This gave Rutherford opportunity to retortate what he had said, only to find himself out of order.

Cordell Tries to Wedge In.
Cordell undertook to wedge into the fight, but found the season unfavorable. Rutherford declaring the Tillman county senator, who had called attention to his long service as a legislator, disqualified to discuss or consider an important measure.

It was a tense two hours in the senate. Nichols undertook to read the state in which the people were living, but Davidson and Trapp, seated together, realized that their command for the time being had passed to other hands.

Tom Anglin attempted to restore machine equilibrium by making a sarcastic reply to Rutherford, but was out of order.

French Guns Thunder Salute To Napoleon Exactly Century After He Died at St. Helena

1,000 New Members
From All Over Land
for the Ku Klux Klan

ATLANTA, Ga., May 5.—Intonation of more than 1,000 cannon in the city of the Ku Klux Klan was heard with all the myopic ceremonials of the order at a meeting here tonight at Lakewood park.

Klansmen from all sections of the country attended according to announcement from headquarters here.

It was stated that more than 5,000 members of the order were in attendance, the gathering being in celebration of the founding of the order of the same name in reconstruction days.

Tomorrow the klansmen will stage a parade and in the evening will go to Stone Mountain, 16 miles east of Atlanta, where the present order, headed by W. J. Simmons, imperial wizard, was organized Thanksgiving day, six years ago.

At the concluding ceremony in connection with the centenary of the death of Napoleon Bonaparte, Marshal Foch, standing before the altar, but looking over the lower rotunda, where lies the body of the former emperor, spoke of the "character and achievements of the French soldier."

The marshal spoke of Napoleon as a warrior and extolled his military genius.

During the ceremonies today in the outskirts of the city, a series of anti-Napoleonic meetings were held at which, internationalism was preached and militarism denounced.

Napoleon died at St. Helena on May 5, 1821, after spending the last six years of his life in exile. In 1814 the allies entered Paris, compelled Napoleon to abdicate and sent him to St. Helena, granting him the sovereignty of that island and a yearly pension of \$40,000.

Returning again to France, he was exiled to Elba, where he was received and quickly raised an army of 12,000 men, but was completely defeated at Waterloo in 1815. He abdicated again and was unable to carry out his intention of embarking to America, surrendered to the captain of a British man-of-war, and died there in 1821.

Congressional Record
to Print Slacker List

WASHINGTON, May 5.—The national "slacker" list issued by the War Department today included the names of those citizens of the United States who are alleged to have evaded the draft law, will be published in the official record of congress as they are made public. This action was taken today by the house at the request of Representative Royal C. Johnson, of South Dakota, a war veteran.

Stripped Gear Leads
To Recovery of Auto

The Cadillac roadster owned by S. R. Dye, 602 North Riverside ave., which was stolen from the business section of Tulsa a few nights ago, was recovered today by the automobile department of the city Thursday.

The car was found near the Country club by the officers, who are conducting a search for the stolen automobile. The motor number on Dye's car was obliterated and a gear stripped.

A NEW QUALITY DEMAND

Ask Race Segregation Be Abolished in U. S. Department.

WASHINGTON, May 5.—A demand for the abolition of race segregation in the executive departments of the government was presented to President Harding today by a delegation of negroes, representing the National Race congress of America, which has been in session here.

The appeals also asked that the federal government exercise its power against lynching, peonage, restriction of negro suffrage and Jim Crow regulations.

AFIRE, SHIP RUNS TO PORT

Steamer Races to British Harbor to Save Passengers and Crew.

PALMOTHE, Eng., May 5.—The Harrison line steamer Inagua, on fire, dashed into Falmouth harbor after a day's voyage, and was taken in tow by a tugboat.

The Inagua was bound from London for the West Indies. The fire was discovered 100 miles off Falmouth while the passengers were asleep. The captain of the vessel kept them in ignorance of their danger and having prepared the boats for launching, made for Falmouth under full steam.

The resolution states that as the low price of corn has interfered with the industry it is suggested that a pipe line be built to quickly convey liquid corn products to other portions.

The bill appropriates \$100,000 for house expenses and \$50,000 for the senate.

The bill is authorized under the bill to employ and pay such officers as it deems fit and direct the state auditor to acknowledge claims made.

ULTIMATUM SENT BY ALLIED CHIEFS

Germany Told to Disarm, Pay Up and Try Her War Criminals

INVITE U. S. TO SIT IN

America Asked to Have Representative on Council and at Reparations Meet

FORMING NEW HUN CABINET

Stresemann to Be Chancellor; Same Parties as Made Up Old to Be in Control

LONDON, May 5.—The allied ultimatum to Germany was signed today. The supreme council adjourned at 10.30 o'clock after the terms of the reparations commission had been formally approved.

"We are all well satisfied and are in complete agreement," said President Briand of France as he left Number 10, Downing street, where the meeting was held.

By the Associated Press.
LONDON, May 5.—The text of the allied ultimatum to Germany reads as follows:

"The allied powers, taking note of the fact that despite the conventions made by the allies since the signature of the treaty of Versailles and despite the warnings and sanctions agreed upon at Spa and Paris as well as of the sanctions announced at London and since applied, the German government is still in default in fulfillment of the obligations incumbent upon it under the terms of the treaty of Versailles, as regards:

"First, Disarmament.
"Second, The payment due May 1, 1921, under article 225 of the treaty which the reparations committee already has called upon it to make at this date.

"Third, The trial of war criminals, which the allied powers have demanded since the signing of the treaty of February 13 and May 7, 1919.

"Fourth, Certain other important matters which the allied powers have demanded since the signing of the treaty of February 13 and May 7, 1919.

WASHINGTON, May 5.—Sir Auckland Geddes, British ambassador here, today formally invited the United States to send a representative to the council of ambassadors and the reparations commission, is understood to have been the subject of a half hour conference today between President Harding and Secretary Hughes at the White House.

WASHINGTON, May 5.—The invitation of the supreme council that the United States have representation on that body, the council of ambassadors and the reparations commission, is understood to have been the subject of a half hour conference today between President Harding and Secretary Hughes at the White House.

By the Associated Press.
PARIS, May 5.—The reparations commission, which returned from London today, submitted a report to the German war bureau commission to an official meeting held at 5 o'clock this evening and notified the schedule of payments to be made by Germany which the reparations commission had drawn up.

LONDON, May 5.—The necessity of making Germany disarm was placed first in importance by Mr. Lloyd George, premier, in his announcement in the house of commons today the result of the supreme council's deliberations on reparations and other questions at issue with Germany.

Germany's default in her disarmament obligations was placed first by the premier, he said, because while there was any possibility of her resumption of great armaments, there was no guarantee of the freedom and peace of Europe.

As regarded reparations, said the premier, the council of ambassadors had agreed to accept Germany's default, but owing to Germany's general attitude showing she had no intention of performing her obligations.

By FRANK E. MASON.
L. E. A. Staff.

BERLIN, May 5.—Formation of a new cabinet to succeed the Federalbach-Simons cabinet which resigned Wednesday was undertaken today. A conference of coalition party leaders was held during the morning session in which they agreed to construct a cabinet with representatives of the same parties that were represented in the old ministry.

It was regarded as practically certain that Dr. Gustav Stresemann, leader of the German party, would succeed Dr. Konstantin Fehrenbach as chancellor and that Dr. Walter Kauffmann, German ambassador in France, would succeed Dr. Walter Simons as foreign minister.

Doctor Fehrenbach, a centralist minister of finance in the old cabinet, was proposed for minister of industries in the new cabinet. Herr Scholz of the German people's party, minister of economics in the Fehrenbach-Simons cabinet was dropped from the tentative new slate. Belief was expressed that Dr. Karl Heinz of the German people's party, who was vice-chancellor and minister of justice in the old government, would be dropped and that he would be succeeded by Herr von Raumer, former head of the treasury. Von Raumer is affiliated with the German people's party also.

End of Marine Strike Believed To Be in Sight

WASHINGTON, May 5.—Prospect of settlement of the wage controversy, which threatens a stoppage of American shipping, appeared considerably brighter tonight as the result of a joint conference of Chairman Hanson of the shipping board and representatives of the marine engineers with Secretary Davis.

The discussion, which was the first held with more than one party to the controversy present with the secretary since last week, was adjourned at a late hour to be resumed tomorrow.

Although shipowners were not present tonight, they were kept informed of developments by telephone, and it was said would be similarly kept acquainted tomorrow with the proceedings if they had no representatives here. The parties were alert as to the progress of the negotiations, but as they emerged from the labor secretary's office they were smiling.

Secretary Hoover took no part in the negotiations but said today that progress was being made toward a settlement of the dispute. He said that the shipping board officials said they were standing firm on the 15 per cent reduction in wages.

Secretary Hoover took no part in the negotiations but said today that progress was being made toward a settlement of the dispute. He said that the shipping board officials said they were standing firm on the 15 per cent reduction in wages.

DAUGHERTY LIST IS NOT CHANGED

Slate Continues to Repose in White House, but No Scratching Is Done

PECK MUST GET OUT

Democratic Attorney in Western District to Be Asked to Send Resignation

By B. N. TIMMONS.
World-Wide Correspondent.

WASHINGTON, May 5.—Although the revised slate of Oklahoma federal appointments continued to repose in the white house today with the date of its emergence for senate action still uncertain, it was officially denied that there has been any change in the plans to designate all the slots as given in The World Sunday morning.

It became known that the probable procedure will be to let the names on the slate trickle down to the senate from the white house one by one, with the probability that Frank L. Daugherty, attorney general, in the Eastern district, will get the first nomination. So far as is known no complete roster of new federal office holders is out yet.

Resumption of oil operations in the mid-continent section is expected to follow shortly, after a slight suspension which has caused some unemployment.

"Child—Fifty new residences are under construction and building activity promises to continue. Business is expected to pick up in the near future."

"Oklahoma City—Construction of 300 dwellings involves expenditure of more than \$1,250,000. Recent activities among Oklahoma cotton growers have resulted in the organization of 'The Oklahoma Cotton Growers' Association' to promote the interests of the cotton growers and maintain a permanent marketing agency. Construction of several large commercial buildings is contemplated during the summer. The new office building program calls for a \$6,000,000 expenditure. Two hundred and fifty men have returned to the Ford branch plant upon resumption. Optimism prevails."

REAL BUILDING BOOM HERE SINCE SURVEY WAS TAKEN

Since the survey was taken several weeks ago building in Tulsa has been resumed on a larger scale than at any time since the fall of 1919, when activity in Tulsa almost entirely ceased. Hundreds of residences are in course of construction and work will be commenced in the near future on a number of large commercial buildings. The survey was taken during the month of April, 1921, and during any previous year in its history. The factories mentioned are now in course of construction and a site has been secured.

Stricken With Epilepsy He Falls From Boat Into Water.

OKLAHOMA CITY, May 5.—Robert Wilder of Oklahoma City, 20 years old, was drowned in Kitch Creek near here today, while his wife and child were in the boat. It is said he suffered an attack of epilepsy and fell into the water at a depth of 12 feet. The body has not been recovered.

Wilder formerly lived four miles west of here and had returned to visit relatives. He was on a fishing excursion when the accident occurred.

4 Year-Old Boy Runs Away From Home for Third Time

For the third time in six weeks, Carl Ray, Jr., the 4-year-old son of Mrs. Carl Ray, a widow living at 19 South Penna avenue, has run away from his home. The last his mother saw of him was at 2 o'clock Thursday afternoon when she saw him running down the street with a dog.

After searching all afternoon and evening, the mother, with the assistance of the police and neighbors, failed to find the child.

The boy has blue eyes, auburn hair, light complexion, and is dressed in blue overalls trimmed in red, a wide-brim black straw hat, and tan sandals.

Mrs. Ray saw her son running after the dog but did not pay attention to him for about 30 minutes, but after that time when he failed to return home, she began looking for him. At 3 o'clock she called the police, and a thorough

search of the neighborhood was made.

Mrs. Ray says Carl is a very darling child and that she keeps him tied the greater part of the time. About six weeks ago he was found hanging to the door of a box car that was being taken out of Tulsa by a M. & T. train. A man passing along the Katy tracks in an automobile saw the child, and took him out of the car, and then took him to the police station. A few days later he was blown from home and was found on a Midland Valley passenger train bound for Muskogee.

The mother thinks the child has left the city, as he always starts toward the railway tracks when he gets away from home. She is frantic with anxiety. Her telephone number is Chicago 3296-J, and she asks the assistance of persons of Tulsa in assisting her to locate the child.
